About Us

Razek Contracting Company is a youthful solid partnership between Yazeed Al Rajhi Holding (Saudi Arabia) and the El Hazeq Construction (Egypt), with over four decades of diversified and successful construction experience.

Our team at Razek is where highly qualified professionals meet and are always committed to offering great customer service and delivering of the work to the highest caliber.

We specialize in a wide range of construction services and the range of projects are spread all over Egypt and Qatar and now Saudi Arabia bringing our recognized diversity and exceptional ability.

Our main goal is to provide our clients with affordable, long-lasting solutions that meet their individual requirements. Additionally, we want to establish ourselves as one of Saudi Arabia's leading construction companies by offering engineering and construction services at its best.

CEO'S WORD

At Razek Contracting Company, we don't just build structures; we create foundations for dreams, spaces for innovation, and landmarks for the future.

Our journey in the construction industry has been one of unwavering commitment, relentless dedication, and a passion for excellence. For over 4 decades, we have been at the forefront of shaping skylines and communities, driven by a vision to redefine what's possible in construction.

Our success is not solely measured in the bricks and mortar we lay, but in the trust we've earned and the relationships we've forged.

In an industry where precision, safety, and sustainability are paramount, we stand as pioneers. Our teams embrace challenges, turning them into opportunities to showcase our expertise. We prioritize safety above all else, ensuring every project site is not just efficient but also secure.

As we move forward, we remain committed to innovation, constantly seeking new technologies and sustainable practices that enhance the quality of our work while minimizing our environmental footprint. Our dedication to sustainability is not just a corporate goal; it's a promise to future generations.

But our true strength lies in our people. Our talented workforce, partners, and clients form the backbone of our success. Together, we have achieved remarkable milestones, and together, we'll continue to shape the world we live in.

In this company profile, you will discover the essence of Razek Contracting Company - our values, our achievements, and our aspirations.

As we share our story with you, we invite you to be a part of our journey, to collaborate, and to envision a future where together, we build better, stronger, and more sustainable communities.

Thank you for your trust in Razek Contracting Company. Together, let's build a brighter future.

“We don't just build structures; we create foundations for dreams, spaces for innovation, and landmarks for the future.”

Vision

To be the premier construction company in Saudi Arabia, known for our unwavering commitment to excellence, innovation, and sustainability.

We envision a future where our projects redefine skylines, enhance communities, and inspire lasting trust through our dedication to quality and safety.

Our aim is to be a driving force behind the kingdom's growth, contributing to its infrastructure, while upholding the highest standards of integrity and environmental responsibility.

Mission

At Razek Contracting Company, Our mission is to deliver exceptional construction solutions that exceed client expectations, foster economic development, and create enduring value for our stakeholders. Guided by the principles of transparency, integrity, and teamwork, we pledge to:

We are dedicated to the highest standards of quality in every project we undertake. Our commitment to craftsmanship, innovation, and continuous improvement ensures that we deliver superior results.

Our clients are at the center of everything we do. We listen attentively to their needs, tailor solutions to their requirements, and consistently exceed their expectations.

The safety and well-being of our employees, partners, and the communities in which we operate are paramount. We adhere to rigorous safety protocols and foster a culture of safety at all levels of the organization.

We are committed to sustainable construction practices that minimize environmental impact and contribute to a greener future. We actively seek eco-friendly materials, technologies, and construction methods.

Embracing cutting-edge technology and fostering innovation is in our DNA. We continuously explore and integrate innovative solutions to enhance project efficiency, reduce costs, and deliver superior results.

We engage with and give back to the communities where we work. We aim to positively impact local economies and promote social responsibility.

Ethics & Values

These Ethics and Core Values guide our company's actions and serve as the foundation upon which we build our reputation and success. We are dedicated to being a construction company that not only excels in its projects but also positively contributes to the development and prosperity of Saudi Arabia and its communities.
